Notes on ordering spare parts

Spare parts should always be ordered from your authorized LINDE Dealer only.

In the interests of avoiding errors in delivery, the following particulars should be stated in all orders for parts.

a) Type designation, manufacturer's serial number and year of manufacture of lift truck.

b) Also state manufacturer's serial number of mast, electric drive axle and steering axle when ordering parts for these items.

c) LINDE part number as listed in the Part No. column of our spare parts catalog. See also notes on availability, order quantities etc. listed as an index number in the column headed Internal.

- No index number	Parts available on short delivery.
1 Packaged quantities	Small parts and sealing materials available on short delivery but only in certain minimum packaged quantities.
2 Restricted availability	Parts not in stock; can only be procured after customer's order has been received. Delivery may be delayed.
3 Parts being phased out	Parts in the process of being replaced by new parts due to technical modifications; no longer available when current stocks have been depleted. See pertinent notes on modification.
4 not available individually	Parts are not available individually due to assembly reasons in production.

This catalog is submitted for confidential use subject to the condition that it shall remain the exclusive property of Linde Lift Truck Corporation and shall be returned to LINDE on demand. No copies or reproductions shall be made unless the prior express permission to do so has been obtained from LINDE. Illustrations contained herein are not binding in respect of actual design and construction. We reserve the right to make modifications and alterations in the interests of technical progress.
