GENERAL INFORMATION

ILLUSTRATION AND TEXT

The arrangement of this parts catalog is for easy identification of Case IH parts. All parts are illustrated in "Exploded Views." This places each part in normal reference to each other. Reference numbers are used in the illustrations. These numbers are in reference to those on the text pages. The text pages list reference number, part number, part description and the amount required.

NSS "Not Serviced Separately" in the part number column is an indication this part is not available for repairs.

UAR "Use As Required" in the amount required column is an indication the number of parts used is controlled by service.

REF "Reference" in the part number column is an indication this part has many applications or has special service information. The page this information can be found on is listed in the part description column.

INDEX

An alphabetical index and serial number information is on the front pages of this catalog. A numerical index which lists the part number, page number and reference number is on the last pages of this catalog.

CATALOG CHANGES

Changes to the product will make it necessary to revise or add pages to this catalog. Each new or revised page will have a new issue date. A cover sheet will be attached to each revision. The cover sheet will list all pages released for each revision. All revised and new pages must be put into the parts catalog as soon as they are received.

PARTS ORDER

Orders must give the complete description, correct part number, the total amount required, the product model, all the necessary serial numbers, the method of shipment and the shipping address.

TEXT DESCRIPTION

An assembly may contain many service items. Ref. 1 Assembly shows quantity per machine. The component parts of the assembly (Refs. 2 through 8) will be indented. The amount required column will list the number of components per assembly or sub-assemblies. See example.

REF.	PART NO.	DESCRIPTION	REQD
1	1961772C1	GEAR ASSEMBLY - planetary drive	2
2	28606R1	RING - retaining	1
3	NSS	SPACER - flat	4
4	78831C1	BEARING - needle	UAR
5	1277371C1	SPACER - bearing	4
6	1288370C2	GEAR SET - planetary (Set of 4)	1
7	REF	CARRIER - planetary gears (See Page 6-75)	1
8	444613	PLUG - hex head pipe, 1/8 inch	1

RIGHT AND LEFT IDENTIFICATION

The reference to right and left as used in this publication is identified by the operator standing at the rear of the machine, looking toward the front of the machine.

ALPHABETICAL INDEX

A

Automatic trip beam unit 9-27

B

Beam extension
For automatic and toggle trip plows 9-29

C

Colter attaching parts 9-41
Colter clamps and adapter 9-43

F

Front furrow wheel
For 5 thru 8 furrow - on the land 9-47
For 5 thru 8 furrow - on the land 9-49

G

Gauge wheel 9-45

H

Hydraulic cylinder
3 x 8 inch 8-13
3-1/2 x 8 inch 8-15
Hydraulic equipment
Front 8-3
Rear furrow wheel ..... 8-5 through 8-11

M

Main frame
Five and six furrow - on the land 9-13
Five and six furrow - on the land 9-15
Five and six furrow - on the land 9-17
Seven and eight furrow - on the land 9-19,9-21
Four furrow 9-3,9-5
Five, six and seven furrow - in the furrow 9-7,9-9,9-11

P

Product graphics
International 9-69
Case IH 9-71

R

Rear furrow wheel 9-51,9-53
Rolling colter
Spring cushion - disc type 9-31
Cushion type 9-33
Heavy duty side arm 9-35
Cushion spring side arm 9-37
Shear bolt type 9-39

S

Safety bracket unit
Plows built June 1983 and after 9-67
Safety lamp socket unit
Plows built prior to June 1983 9-65

T

Three-point hitch - rigid 9-61
Three-point shifting hitch
In the furrow 9-63
Toggle trip beam unit
Machines with two piece mounting brackets 9-23
Machines with one piece mounting brackets 9-25
Two-point fast hitch
On the land plows 9-57
Two-point fast hitch - rigid
In the furrow 9-55
Two-point fast shifting hitch 9-59
