INDEX

	PAGE
Air Cleaner	8
Battery Ignition Timing	11
Bore and Stroke	1
Carburetor Adjustment	7
Carburetor Repair–See Manufacturer's Bulletin in Back of Manual.	
Choke	7
Clutch Take-Off	20
Clutch Adjustment	20
Clutch Reduction Unit	21
Compression	13
Compression – Restoring	12
Cross Section of Engine	5
Disassembly and Reassembly	14
Air Shroud	15
Base	16
Camshaft and Valve Tappets	18
Carburetor, Manifold and Air Cleaner	15
Crankshaft	18
Cylinder Block	18
Cylinder Head	16
Flywheel	15
Fuel Tank	15
Oil Pump	16
Piston Ring and Rod Clearance Chart	18
Piston Rings	17
Piston and Connecting Rod	17
Fuel	7
Fuel Pump	9
Gasoline Strainer	9
General Information and Design	6
Cooling	6
Carburetor	6
Ignition	6
Lubrication System	6
Governor	6
Rotation	6
Generator and Timer Maintenance	12
Governor	19
Governor Adjustment and Engine Speed	19

	PAGE
Horsepower	6
Illustration of Engine	4
Lubrication	6
Lubrication System (Fig. 3)	6
Magneto – Breaker Point Adjustment	9
Magneto – Ignition Spark	10
Magneto Repair – See Manufacturer's Bulletin in Back of Manual.	
Magneto Timing	10
Neon Lamp Timing	12
Oil – Grade of	7
Parts List Section	23
Reduction Gears	21
Safety Precautions	2
Safety Switch – High Temperature	13
Service Station Directory – See Back of Manual.	
Spark Plug	12
Starting and Operating Instructions	6
Starting – Electric Starter	8
Starting – Hand Crank	8
Stopping Engine – Vapor Lock and Dieseling	8
Storage of Engine for Winter	21
Timing Marks (Fig. 27)	18
Trouble – Causes and Remedies	13
Backfiring Through Carburetor	14
Ignition	14
Knocking	14
Missing	14
Overheating	14
Starting Difficulties	13
Stopping	14
Surging or Galloping	14
Valves – Grinding and Tolerances	16
Valve Tappet Adjustment	19
Warm-Up Period – Overspeeding	8
